Free upgrade from version 5 to version 6
A step-by-step explanation

Please perform the steps above to migrate **for free** to the new eMedia Card Designer version 6. Please print this document and use it as a reference. You may check the boxes once you performed the corresponding steps, and may note there the license information as you obtain them.

☑ Download this document and print it for reference.

☐ Download the version 5 reinstallation pack from the internet web site and install it:
http://www.emedia-cards.com/download/archives/585/reinstallation.exe

☐ Launch the reinstallation pack and read carefully. At the step where you are asked for your eMedia current version, **verify that the "Version 5.0" option button is checked**.

☐ The reinstallation pack will give you a reinstallation key. Please note it here:

					-							-										

☐ Uninstall eMedia Card Designer version 5 from the control panel, Add/Remove programs.

☐ Download the eMedia Card Designer v6 installation package and install it:
http://www.emedia-cards.com/download/software

☐ Launch eMedia Card Designer version 6, open the "Help" menu and select the "Register your license" command. The new Installation Key is displayed. Please note it here:

I	K	-						-						-					

☐ Ask us for the new Activation Key: browse the internet web site and click on the "Register" tab at the top of the page, then select "License Migration":
http://www.emedia-cards.com/register/migrate.asp

☐ Enter in the text-boxes the values noted above and click "Submit".

☐ A message tells you that the v5/v6 migration can't be performed automatically and ask you to click on a link. Click on it.

☐ Enter and/or verify your personal/corporate information. Check the e-mail address very carefully, as the Activation Key will be sent by e-mail to this address.

☐ Submit the form. We'll process it as soon as possible from 07:00 to 17:00 GMT, and you'll receive your Activation Key by e-mail.

☐ Once you receive your Activation Key by e-mail, open the "Help" menu in eMedia Card Designer, select the "Register your license" command, click on the "Register now" button, enter the Activation Key in the "Second key" text-box and enjoy!

Please be patient. We offer the migration from v5 to v6 for free, but it's a hard work for us to perform all the needed tasks. If you don't receive anything in the next 24 hours, please contact us by e-mail and tell us you didn't received the Activation Key. Enclose the above Migration and Installation keys in your message.
